

IMA-GIN-NATION

This event is an interactive event where you are enlightened about different South African Gins. What to expect: You get the opportunity to taste 4 – 6 different Gins and mixers. We provide all the glassware, equipment and dressings for your drinks. The idea is to taste a selection of gins that are from different distilleries. We teach you how to pair the correct accompaniments and provide you with a selection of condiments for you to play and experiment with. We use the best quality gins, as most delegates have never even tasted a premium gin. We usually do this event at the start of an evening or it can be paired with dinner. We would need to discuss the menu with the chef preparing your food.

Should you not have a suitable venue for this, we can accommodate up to 40 guests at a private restaurant / bar that stocks over 60 local gins. For Goodness Sake Bistro in Muldersdrift. This is a very social playful event and we bring in a little gin trivia allowing you to score random points and the winner gets to take home the Gin we have actually made during a Gin Making Demonstration. Please note that some Hotels and Venues are Licenced and do require a corkage fee. We only give half tots for the tasting, this is to ensure that we do not go over the legal limit.

AFFORDABLE ADVENTURES **TEAM BUILDING**

EVERYTHING A **SUCCESSFUL** TEAM NEEDS

OBJECTIVE & SKILL

Teamwork, Time Management, Collaboration and Fun
