

AFFORDABLE ADVENTURES **TEAM BUILDING**

EVERYTHING A **SUCCESSFUL** TEAM NEEDS

THE GAME SHOW

This new version of the well-known concept includes a variety of categories to cater for everyone. The Audience Participation System adds an exciting technological element, allowing for teams to test their mental agility, general knowledge and speed in responding and get regular updates on team's positions. Topics include a wide variety of thought provoking as well as interesting and humorous themes. Unique elements within the show add some spice and provide mini-highlights that keep people engaged throughout.

Our new line of game shows for evening activities is in line with our Corporate Entertainment category. These are designed to be played either before, during or after dinner and are guaranteed to provide an entertaining and inclusive experience. Various rounds will be developed with approximately 5 questions per round that can include: Fastest Responder, Wager Options, 'Brainiac' Question and Bonus Music Questions. Scoring for teams will be provided after each round, thus stimulating competition.

OBJECTIVE & SKILL

Work as a Team, Fun and Communication

LEVEL OF ACTIVITY

Light.

LOCATION

Indoor

TIME ALLOCATION

60 - 90 Minutes

GROUP SIZE
