

GUMBOOT DANCING

Gumbboot dancing is not only great for team building because it is active and interactive but it's also fun! Each delegate wears a pair of gumboots and a bandana.

The team learns a dance routine and song focusing on communication, synergy, team work enthusiasm and having fun. A pair of gumboots and a bandanna will be provided for each delegate. We will teach you how to use the gumboots and your body to make the slapping and stomping noises and a traditional song. Soon you will know the whole dance sequence - your whole company will join in the synergy. Depending on the size of the group, we will split you into smaller groups, you will then work together - very synchronized - staging your own "industrial theatre"! Culminating in an event enjoyed by all.
