

## AFFORDABLE ADVENTURES **TEAM BUILDING**

EVERYTHING A **SUCCESSFUL** TEAM NEEDS

### **RUN THE BISTRO**

This is a real live bistro set up where all delegates have to take on the role of an employee in the bistro. In order for this bistro to run optimally you will need the following roll players, Maître D Waitress, Sommelier, Barmen, Head Chef, Chef, sculler and a Manager. In addition to these roles, you will be required to set the mood, design a menu, plan your strategy, and deal with guests who might complain.

This event is designed for teams to WORK TOGETHER, PLAN and EXECUTE drilling down to the finest detail. Besides having enormous fun it highlights the jobs we often take for granted in an organisation (or just in ordinary life)

Teams are divided into 3 or 4 groups depending on the number of delegates. You get to use a choice of two fully functional restaurants where delegates RUN THE BISTRO for the night. Don't worry, there are no outside guests. Teams rotate and all get to be guests as well as hosts.
